Rebekahs Give Hallowe'en Party

Last Friday evening Cassandra Rebekah Lodge gave a Hallowe'en party which was both unique and interesting. The guests, after knocking on a skull and crossbones on the door, were admitted and seized upon by ghosts, who paraded them around the semi-darkened hall amid the rattling of chains, moans, groans and weird noises, while ghosts flitted about and an old witch presided over her crucible in front of her tent, the chief light coming from her fire. When the guests had all arrived and the lights were turned on the hall presented a very pleasing appearance with the black cats, owls, witches and jack-o-lanterns. Hallowe'en games were then played, but the chief interest centered about the old witch who called forth peals of laughter by her fortune telling. Supper was then served, the pumpkin pies and jack-o-lantern cookies being particularly appropriate. Dancing was then indulged in until the wee small hours and all went home feeling they had spent a very enjoyable Hallowe'en.

Committee Reject G.W.V.A. Proposals

OTTAWA, Ont., Oct. 29.—The parliamentary committee on soldiers' civil re-establishment has rejected the proposal for a general distribution of grants or gratuities on the ground that the country is financially unable to pay, in its findings which are likely to be submitted to parliament. The general scheme for re-establishment submitted by the G.W.V.A. and also the \$2,000 gratuity scheme are thus rejected.

The G.W.V.A. proposal was to concern men who were able to establish their need before a national board.

The Parliamentary committee concedes the necessity of further re-establishment and in certain particulars recommends improvements and extension of the work now carried on by the various departments of the government, together with some new lines of work to be undertaken involving an estimated expenditure of \$35,000,000.

COMMITTEE'S RECOMMENDATION.

The following are details of the probable expenditure as recommended:

Gratuities to Canadians who enlisted in the Royal Air Force and other imperial units, \$9,000,000.

Rebate of transportation expenses paid by dependents who returned to Canada prior to November 11, 1918.

Provision for extra items of expenditure such as clothing allowance to S.C.R. patients; pay and allowance to trainees taken on strength of S.C.R. and subsequently not approved; care of sub-normal cases; necessitous cases; pensions, under arrangement with Patriotic fund; loans to disabled men for tools, equipment, training and education; cashing of cheques at par for Canadians who joined imperial units; unemployed relief during winter, estimated about \$25,000,000.

The Women's Institute will meet at the home of Mrs. R. B. Martin on Thursday, Nov. 13 at 2:30 p.m. Dr. Clarke will give an address. All ladies are cordially invited to attend.

Your Share of Victory Bond Interest Nov. 1st.

The Dominion Government will distribute \$8,250,000 in interest upon Canada's Second Victory Loan on Nov. 1. Be prompt in clipping your interest coupons.

Any of our 380 Branches will cash these coupons for you. You should use the proceeds from your clippings to start a savings account with us or add to the account already started. You already know the value of thrift.

145 Majority for Farmer Candidate

The election in the Cochrane riding to elect a member for the provincial house, the vacancy caused by the death last summer of Hon. C. Fisher, and which has been creating a great deal of excitement, was held on Monday last and the U.F.A. was successful in electing their candidate, Mr. A. Moore, by a substantial majority over E. V. Thompson, the government candidate.

There are still one or two polling places to hear from which no doubt will give Mr. Moore a bigger majority.

Victory Loan Committee

A meeting was held in W. G. Liesemer's store last week to form a committee to canvass for the Victory Loan. W. G. Liesemer was appointed chairman, and Mayor J. M. Reed Secretary. The following were appointed on the committee: Rev. D. McGregor, J. Phillipson, F. Field, H. W. Chambers, R. Kendrick, R. B. Martin, C. Rieber, Dr. J. L. Clarke, H. Pearson, F. Moyle, E. E. Freeman.

H. W. Chambers and E. E. Freeman will have charge of Township 31, Range 2 and 3, W 5; R. B. Martin and C. Rieber Tp. 31, Rg. 1, W. 5, and Tp. 28 and 29, W 4; F. Field and J. Phillipson Tp. 31, Rg. 27, W 4; Dr. Clarke and R. Kendrick Tp. 31, Rg. 32, 34, 35, W 5.

Help these men who are giving their time to the cause by subscribing to the Loan to your limit.

Attention of the members of the G.W.V.A. is called to a meeting to be held next Monday evening. All members are requested to be there. A necktie social will be held at the Elkton school house on Friday evening, Nov. 14, the proceeds to the Didsbury hospital and the G.W.V.A.

The W.C.T.U. will hold their regular meeting next Tuesday, Nov. 11 at 3 o'clock, at the home of Mrs. L. Herman.

Copy for ads., notices, articles, etc., must be in this office before noon on Tuesdays to insure their appearance the current week.

Have you heard that mighty roar around the district the last week or two? Don't be alarmed; that was only Jim Phillipson on the auction block.

DIED.—At Didsbury on Nov. 4, Michael Wagner, aged 65 years. The funeral will take place Thursday, Nov. 6, at 1 p.m., from Durrer's undertaking parlors.

Miss Beatrice Kendrick gave an Hallowe'en party to a number of her young friends on Friday night last. The usual games were played after which they all sat down to lunch.

The public will learn with regret that Miss Lantz, B.A., who has been principal of the Didsbury high school for some years, has resigned her position and is going to the Crescent Heights high school, Calgary, at the beginning of the year. The departure of Miss Lantz will mean a distinct loss to Didsbury, but a large number of friends will sincerely wish her every success in her new position.

The 1919 Victory Loan

The people of Canada are once again asked to demonstrate their thorough-going Canadianism by subscribing to the limit of their financial ability to the Victory Loan, 1919.

Throughout the war the people of Canada never once failed to meet all demands made upon them by their country, and Western Canada in particular established a record for self-sacrificing patriotic effort unsurpassed in any province or country. Looking back over the history of the past five eventful years, the people of the West have nothing with which to reproach themselves; on the contrary, they have every reason for justifiable pride in their efforts and achievements.

The Great War is over so far as the fighting is concerned. It has ended in a triumphant victory for our cause, a victory made possible by the efforts of the five years now happily gone. But while the fighting is ended, victory achieved, and our soldiers home again, one very important part of Canada's war effort is yet uncompleted. The Victory Loan, 1919, is necessary to finish the work.

It is a tremendously expensive business, and modern warfare calls for an expenditure of money undreamed of in the centuries of the past. Canada played its honor to contribute all its powers, resources, and wealth to the winning of the war. We cannot go to the limit of our last man and our last dollar in such a just and noble cause. Our men went thousands gave their lives, other thousands are maimed and suffering from wounds, all require to be again established in civilian life. The soldiers have done their part. They have brought unspeakable honor and glory to Canada. As soldiers their work is ended.

But Canadians who remained at home, and who, therefore, had the easier part, have still to finish their part of the work. The bills contracted to win the war must be paid. Furthermore, the expense of war did not end with the actual fighting. It cost millions to bring our soldiers home, and many more millions for pensions and an establishment. It requires millions for reconstruction work. Other millions are necessary to finance the sale of the products of Canada during this reconstruction period throughout the world.

The money must be provided, and

it must be provided by the Canadian people themselves. The Victory Loan is the medium through which this necessary provision is to be made.

When, during the war, our boys went "over the top," they had an objective before them, and he it said to the credit of Canada's soldiers that they never once failed to reach their objective. But while the "storm" troops went forward, others had to do the less spectacular but equally important work of "mopping up." All enemy dugouts, machine-gun nests, snipers, had to be accounted for, and a general "clean-up" carried out. If this was not done, and done thoroughly, there was grave danger to the final success of the operation.

Canada as a nation has reached its objective in the winning of the war. Now the work of "mopping up" must be attended to, all bills must be paid, and adequate provision made for our soldiers, and the necessary funds provided to keep all the wheels of commerce and industry turning in this Dominion. With Bolshevism and unrest rampant throughout the world, it would be nothing short of a national calamity if business became stagnant in Canada and unemployment widespread. The result would be disastrous, and no man can foretell what the end might be. A large over-subscription to the 1919 Victory Loan will avert such a disaster.

This is not a loan to the Minister of Finance. It is not a loan to the Union Government. It is a loan by the people of Canada to Canada itself. In other words, it is a loan by individual Canadians to themselves in a collective capacity. It is a loan for national purposes, and every cent of the loan will be spent in Canada and thus redistributed again to the people of Canada. Canadians will receive the interest paid on the loan, and will ultimately receive back the whole of the principal sum.

If Canadians fail to subscribe the amount required, Canada must borrow it elsewhere, and if Canadians refuse to lend their own country the money it needs, it stands to reason that other people will only loan to it at absolutely ruinous rates of interest. Furthermore, the payment of that interest abroad will constitute an annual drain upon Canada, impoverishing it, but adding to the wealth of other countries.

Canada must pay its war bills and finance its own reconstruction policies. It is far better both for the individual taxpayer and the nation that Canadians themselves should provide the principal sum to cover such expenditures, and to pay to themselves the interest charges on that national indebtedness.

Every Canadian should, therefore, strain his or her resources to purchase the largest possible amount of Victory Bonds. Quite apart from helping Canada, and maintaining our national honor and credit before the world, it will prove a first-class investment. The security is unquestioned, namely, the entire resources of the Dominion. The interest rate is good—far better than that paid by any financial institution on savings accounts.

Help Canada to "mop up" by buying Victory Bonds, 1919, to the limit of your ability.

BABY HAD DIARRHOEA WAS GIVEN UP

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY CURED HER

Mothers should look well after their children during the hot summer months, as this is the time of year when the young ones are liable to all kinds of bowel complaints.

If your children have any looseness of the bowels do not experiment with new and untried remedies. Get one having stood the test of time. Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 74 years. Don't accept a substitute and perhaps endanger your child's life.

Mrs. Willis Coupland, Sundridge, Ont., writes: "About four years ago my little girl, then a baby two months old, took diarrhoea. I took her to the doctor, but to no avail. After he had given her up, I read of Dr. Fowler's Extract of Wild Strawberry and immediately got a bottle. Within two days she was improving fast. I cannot ever praise it enough. I hope some poor sufferers will see this letter and lead them to a friend indeed." Price 35 cents. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

This shows why this Oil is in general use.

Underwork

Cause of Imaginary Maladies Which Often End in Insanity

"Overwork is bad," said a doctor, "but it's nothing like so bad as underwork."

"Overwork may slay its thousands, though I doubt it, but underwork slays tens of thousands beyond question. Underwork is the cause of neurasthenia, insomnia, fatigue, waves and all that host of imaginary and yet incurable maladies which so often end in insanity or suicide."

"In the South Sea Islands the climate is perfect, nature is bountiful, and everybody can live without work. What is the result? The result is that the South Sea Islanders are feeble-minded, practically idiots."

"Andalusia is another place with a perfect climate and a perfect soil. Everything grows all the year round in Andalusia except weeds. The Andalusians devote themselves mainly to music and love-making. Result? A race of scrawny, undersized illiterates!"

The Curious Origin Of One Word

History Locked Up In Words We Use Every Day

A fascinating study is that which searches for the origin of words. Much of the history of the world is locked up in the words we use every day, utterly unconscious of their derivation.

When the Arabs came into Europe and learned from the nations, they encountered the wisdom of all the ages then past, they became deeply interested in the attempts that the old Greeks had made to turn other metals into gold.

That it had been declared to be a secret and mysterious process made it all the more fascinating to them. And so they became alchemists and called themselves Hermetic philosophers, because tradition declared Hermes Thymegistus about two thousand years before Christ had discovered how to convert the baser metals into gold.

To melt the mouth of a glass tube so as to close it was called securing it with "Hermes, his seal." We know little or nothing of Hermes, or when he lived, or whether he ever lived at all; but it is curious that even to this day when a bottle or jar is closed so that it is airtight we call it hermetically sealed, after this same Hermes.

A dog makes almost as much noise when he barks as a man does when he barks his shins.

A cheeky girl with painted cheeks is—cheeky.

Minard's Liniment Cures Garget in Cows.

Some men would rather owe you a bill for ever than put you to the trouble of collecting it.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whitening at his corns, but clip this out and make him try it.

The Goodness of Apples

Because we like apples we use them, but apart from that we use them because they contain healthful acids, needed minerals including iron, lime and sulphur, many calories of energy, and some real nutrition.

True, an apple is 85 per cent. water, but so is milk, and the apple has 13 per cent. of sugar and starches.

Canada's Fish Catch

During the month of August the total value of the sea fish brought to the various points of landing in Canada increased by \$225,882, as compared with the same month last year. The total value of the fish taken on both coasts was \$4,485,722. Especially on the Atlantic coast was the increase noticeable, the catch of cod, haddock, lake, and pollock being some 20,000 hundredweights greater than the catch in August of last year.

THE FALL WEATHER HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Miller's Worm Powders will drive worms from the system without injury to the child. The powders are so easy to take that the most delicate stomach can assimilate them and welcome them as speedy easers of pain, because they promptly kill the worms that cause the pain, and thus the suffering of the child is relieved. With so sterling a remedy at hand, no child should suffer an hour from worms.

Plowing Moderate Depth

Provided the plowing of the summer fallow in the previous year has been deep, as it should be, there is little advantage in deep fall plowing for wheat. About four or five inches will bury the stubble satisfactorily and will not be so much in danger of leaving an open dry bottom to the seed bed as where a large amount of stubble is turned in too deeply. This is even more true of early spring plowing, where a moderate depth is decidedly preferable.

If the farmers of Canada were as certain to give good government as they seem to be of piling up wonderful majorities in elections, we might be persuaded to let a farmer government in by acclamation. But, alas! there is a wide difference between piling up majorities in an election and delivering the goods in legislation and administration afterward.—Calgary Herald. Give them a chance, brother, give them a chance.

Calgary is the home of the 2,000 gratuity scheme. Cal-

gary has a reputation for sport second to that of no city in Canada. As far as the Calgary command is concerned, it will show that it can be a sporting loser as well as a sporting winner.—Calgary Herald.

Sit down, mate, sit down, the game isn't over yet.

Hallowe'en has always been recognized as a time when kids and young people have the privilege of playing pranks and getting into mischief. We have all done it and have been duly lectured for it afterwards. The great moral effect of those lectures is still evident, but it does not extend to the young generation of the present day, nor will it make any perceptible difference in the actions of the kids of tomorrow, consequently lectures and moral sermons on the strictly proper conduct on Hallowe'en are, and in most cases undoubtedly always will be,

quite futile. The stunts pulled off in Didsbury last Friday evening are sufficient evidence of this fact. As this paper is the mouthpiece of this district and devoted to the moral and social uplift of the community, we feel that it is our duty to most respectfully request the kids, and older ones who are frivolously inclined, to refrain from the willful and deliberate destruction of property in the future. No doubt this will have the desired effect.

The decision of the ratepayers last week on the electric light agreement was rather emphatic. Taking everything into consideration it was a wise move. There is an opportunity now for the Olds company to show us what their plant can do when the new machinery is put in, and next spring the matter can be brought up again.

THE COW PUNCHER

(Continued.)

"I tell you," said Carson, warning up to his subject, "this is an intricate game, this life business. Pretty seedy in spots, but, after all, most people are merely victims of circumstances. And if circumstances place a five-spot in your hand today, accept what the gods bring you. Tomorrow they will take it away."

"See this suit," indicating his attire, which greatly outclassed Dave's. "A friend gave me that. I get all my suits that way. When a scrap occurs in a barroom, a booze riot, or knifeing, or something goes wrong upstairs, I just mention that it took place in 'a downtown hotel.' Then I order myself a suit, or something of that kind, and have the tailor send his bill to the proprietor of the joint. He pays. If he doesn't, next time I name his tavern right in the story."

"Don't you call that graft?" asked Dave.

"Graft? Nonsense! Merely an exchange of courtesies. There are others, too. You'll get wise to them in time."

But Dave was by no means satisfied with Carson's philosophy. He went to his editor with the five dollar bill and the police court incident. "What shall I do about it?" he demanded.

He fancied there was a note of impatience in the editor's reply. "Give the money to the Salvation Army," he said, "and forget about the rest. Isn't it kipling who says 'There comes a night when the best gets tight,' and so on? We could tell the story, but what good would it do? And let me tell you, Elden, there are mighty few, men or women, who have gone half-way through life without something they'd like to forget. Why not let them forget it? You're young yet, and perhaps you don't see it that way, but you'll be older. There's a verse by somebody runs like this:

"Don't make the defensive by saying 'I told you just what was true,' For there's more at that game might be playing."

Your Eyes

If the truth were all told about you."

"That may be bad poetry, but it's good journalistic ethics."

But after Dave had gone the editor called his business manager. "I guess we'll have to raise Elden to thirty dollars a week," said he. "He's so honest he embarrasses me, and I guess I need that kind of embarrassment, or I wouldn't be embarrassed."

CHAPTER NINE

While the gradually deepening current of Dave's life flowed through the channels of coal heaver freight hustler, shipping clerk, and reporter, its waters were sweetened by the intimate relationship which developed between him and the members of the Duncan household. He continued his studies under Mr. Duncan's direction; two, three or even four nights in the week found him at work in the comfortable den, or, during the warm weather, on the screened porch that overlooked the family garden. His duties as reporter frequently called for attendance at public meetings devoted to all conceivable purposes, and he was at first disposed to feel unkindly toward these interruptions in his regular studies. He raised the point with Mr. Duncan.

"One thing I have been trying to drill into you," said his tutor, "is that education is not a thing of books or studies or formulae of any kind. It is the whole world; particularly the world of thought, feeling and expression. It is not a flower in the garden of life; it is the garden itself, with its flowers, and its perfumes, and its sunshine and rain. Yes, and its weeds, and droughts, and insects and worms. There is a phase of education in the public meeting, whether its purpose be to discuss the municipal tax rate or the flora of the Rockies. You can't afford to miss any subject; but still less can you afford to miss the audiences that are interested in any subject. They are deeper than any book. There are all kinds of audiences. There is the violent audience and the mysterious audience, and the sentimental audience, and the destructive audience, and the whimsical audience, and the hysterical audience,—and every other kind. And the funny thing is that they are all made up of much the same people. Take a sentimental audience, for instance; a few passes, and you have an hysterical audience. It is a difference of moods. We are all subject to moods, and yet we judge a new acquaintance by the mood he happens to be in—and the mood we happen to be in—at the time of making the acquaintanceship. Another day, in other moods, he would make a quite different impression—if the impression already made could be effaced. I have a theory that the world's sorrow is largely a matter of moods. I don't deny the sorrow, nor the need for sorrow, nor the reality of it, but I do believe there is a mood of happiness which even the deepest sorrows cannot suppress. And the more you study people the more you will understand moods, and, perhaps, be master of your own. And the man who can, by force of his own will, determine the mood in which he will live, is master of the world."

So Dave came to realize that every incident in the reportorial round was to be assimilated for its educational value, and this lent a zest to his work which it could not otherwise have had. But the attraction of the Duncan household grew upon him, and many an hour he spent under its hospitable roof. Mrs. Duncan, motherly, and yet not too motherly—she might almost have been an older sister—appealed to the young man as an ideal of womanhood. Her soft, well modulated voice seemed to him to express the perfect harmony of the perfect home, and underneath its even tones he caught glimpses of a reserve of power and judgment not easily unbalanced. She was a woman to whom men might carry their ambitions, and women their hopes, and little children their wonderings, and all be assured of sympathetic audience and wise counsel. And as Dave's eyes would follow her healthy, handsome figure as it moved noiselessly about in her domestic duties or as he caught the flush of beauty that still bloomed in her thoughtful face, or as at rarer intervals he plunged into the honest depths of her frank grey eyes, the tragedy of his own orphaned

Stuffy Head Cleared Of Catarrh Germs By "Catarrhozone"

To catarrh victims we have just one word of advice—cure it now. The remedy is "Catarrhozone." That it will cure permanently you cannot doubt. Catarrhozone has cured thousands; it will cure you, too.

It acts in two ways: First, it destroys the germ—that checks the progress of the disease. Its second action is to heal the sore places the germs caused. Nice to think of breathing little drops of healing to every part of the lungs, bronchial tubes and nasal passages. It is such absolute thoroughness that makes Catarrhozone so effective in grippe, catarrh, and colds. Then by its sedative influence upon the mucous surface it clears away the cough and throat tenderness very quickly. We owe something to a science that has given us Catarrhozone—that wonderful remedy which so surely enables us to permanently cure disease of the breathing apparatus. We all know that stomach dosing is useless, and this departure in the mode of treatment is an advance in medical science that everybody can appreciate and value. Complete outfit of Catarrhozone, which is guaranteed to cure any case of catarrh, asthma, bronchial or throat troubles, lasts three months, price \$1.00; smaller size, 50c; trial size, 25c; sold everywhere.

life bore down upon him and he rebelled that he had been denied the start which such a mother could have given him.

"I am twenty years behind myself," he would reflect, with a grim smile. "Never mind. I will do three men's work for the next ten, and then we will be even."

And there was Edith—Edith, who had held him rapture-bound on that first Sunday in church—Edith, who had burst so unexpectedly upon his life that first evening in her father's home. He had not allowed himself any foolishness about Edith. It was evident that Edith was pre-empted, just as he was pre-empted, and the part of honor in his friend's house was to recognize the status quo.

Still, Mr. Allan Forsyth was un-

necessarily self-assured. He might have made it less evident that he was within the enchanted circle, while Dave remained outside. His complacency irritated Dave almost into rivalry. But the boon camaraderie of Edith herself checked it in two ways; by her own frank acceptance of him much as she would have accepted a brother in the household, and by her uncanny and unconscious knack of reminding him in almost every word and gesture of Reenie Hardy; a little slither, perhaps; and about the same age; and she had the same quick, frank eyes. And she sang wonderfully. He had never heard Reenie sing, but in some strange way he had formed a deep conviction that she would sing much as Edith sang. He was not yet psychologist enough to know that his admiration for Edith was the reflex action to his love for the girl who had so wonderfully invaded his foothill life and so wonderfully changed the current of his destinies. In love, as in religion, man is for ever setting up idols to represent his ideals. . . . And forever finding feet of clay.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years experience is at your service.

Refused \$100 an Acre

Stettler District Sees Farm Land Values Much Increased

Every day brings new stories of the prices being paid for good farm land in the West. One farmer near Stettler is said to have been offered \$100 an acre for his farm, but turned the offer down. Other land in the vicinity has changed hands lately at prices ranging all the way from \$35 to \$90 an acre. The average price is about \$40 an acre.

In the Stettler neighborhood crop yields have been especially good and have attracted large numbers of the American settlers who are coming in to the West. Average yields in the district are: wheat 40 bushels, oats 60 and barley 35.

Canada's pulp and paper exports lead all manufacturing industries, except that of explosives.

U.F.O. Do Not Favor Coalition

Toronto. — There will be no alliance of the United Farmers of Ontario in the legislature with either the Conservatives or Liberals, but they may join with individual members of the old line parties in forming a government. This decision was arrived at by the members-elect of the United Farmers and U.F.O.-Labor after a lengthy session.

Following is the official statement of United Farmers of Ontario, issued by Secretary J. J. Morrison:

"The members-elect of the United Farmers of Ontario, after discussing the matter, have decided that it would be unwise for them to enter into alliance with either of the old parties. They are prepared to assume the fullest share of responsibility and form a government in co-operation with such members of other parties as are in sympathy with their platform and principles, and are free to give support thereto.

"In the formation of a cabinet, full consideration will be given to the various interests of the province."

Revised standing of new Ontario legislature follows:

U.F.O., 45; Liberals, 28; Conservatives, 25; Labor, 11; Soldier, 1; Independent Liberal 1. Total, 111.

U.F.O. list includes two candidates endorsed by labor, one endorsed by Liberals, and one endorsed by labor and veterans. The Labor list includes two also endorsed by U.F.O. Sir John Hendry, lieutenant-governor, was in his office in the parliament buildings during the time the cabinet was in session, apparently ready to receive any advance that might be forthcoming from the premier.

The difficulty with the members of the present government is the matter of deciding as to their proper course. Now that the government has been rejected at the polls, they do not know what the United Farmers are going to do or what sort of combination may be formed in order that the government of the province may be carried on. Pending definite information from the United Farmer members-elect, the cabinet may meet from day to day to discuss developments.

Committee on Execution of Treaty

Lord Derby Appointed as Delegate to Represent Great Britain

Paris.—The nominations of various delegates to the committee on interpretation and executions of the German peace treaty were put on record by the supreme council. The nominations registered were:

Italy—Count Bonin-Langare, the ambassador to France, and Signor Pisano.

France—Stephen Pichon, the foreign minister, and Philippe Berthelot, political director of the foreign office.

Great Britain — Lord Derby, the ambassador to France.

Japan—Baron Matsui, ambassador at Paris.

Oppose State Purchase of Liquor

London.—Addressing the annual gathering of the United Kingdom Alliance, perhaps the most influential prohibition association here, President Lief Jones declared that any statesman who brought a measure for the nationalization of the drink traffic would not last a fortnight. A delegate who advocated a state purchase encountered much opposition. "Pussy-foot" Johnson addressed the meeting.

Evacuation of Two Big Towns Ordered

Col. Avaloff-Bermond Declares He Has Offered an Armistice to the Letts

Berlin.—The British naval commander at Libau, says a dispatch from Reval, Estonia, has sent a demand to Col. Avaloff-Bermond to evacuate Ust, Dyvinsk (Dunamonde) and Thorensberg, west of Riga.

Col. Avaloff-Bermond, in reply, said that after successfully safeguarding a strategic base for an offensive against the Bolsheviks, he had offered an armistice to the Letts October 10.

He requested that his endeavors to obtain an armistice should be supported.

Britain Supplied War Material to Russians

Tremendous Number of Guns and Ammunition Has Been Sent

Vladivostok.—General Knox, chief of the British military mission, in a statement to the Russian Telegraph Agency at Omsk, says:

"Great Britain has furnished the Siberians and General Denikin with great quantities of munitions—hundreds of thousands of rifles, hundreds of millions of cartridges, hundreds of thousands of machine guns, as well as several hundred thousand sets of uniforms and equipments. Each cartridge fired this year by Russian soldiers was made in England, by English material and by English workers, the supplies being shipped to Russia on English steamers.

British Embassy in Berlin

London.—Walford H. Selby has been appointed provisional representative of the British Government in Berlin. He will open the embassy in Berlin as soon as the peace treaty becomes effective. The Associated Press was officially informed to this effect.

LET "DANDERINE" SAVE YOUR HAIR

Check ugly dandruff! Stop hair coming out and double its beauty

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

Warships Bombarding Fortress of Kronstadt

French Vessels Reported Active on Forts; Are Able to Keep Beyond Range of Fortress Artillery

Copenhagen.—A dispatch to the Politiken from Helsingfors reports that French warships are bombarding Kronstadt. They are able to keep beyond range of the fortress artillery, owing to the long range of their guns.

Mennonites Must Comp'y With Law

No Deviation From Enforcing School Attendance Act

Winnipeg.—There will be no deviation from the rule of enforcing the School Attendance Act in Manitoba, and Mennonites, like other sections of the community, will have to comply with the law. Dr. Thornton, minister of education, told a delegation of Mennonites which requested the government to postpone enforcement.

The visit was the result of developments in the municipality of Hanover, Man., following legislation enacted at the last session of the legislature.

Previously Hanover had no public schools, but the government has mapped out the whole district into public school areas and two schools are already in operation and two others nearing completion.

Riots Resumed in New York

New York.—Rioting broke out again around the Lexington theatre, when for the second time in a week the Star Opera company produced German opera over the protest of veterans of the world war.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Sufferings in Russia

Men, Women and Children Are Falling Dead in the Streets From Hunger

Paris.—Pictures of Moscow's hunger are given in the Figaro by a Russian princess arriving from Russia. "I will not speak of the terrible revolting and odious things that passed in the streets of Moscow," she said, "but only of the hunger incidents I saw with my own eyes and which were repeated day after day. I met a woman and child, ragged and thin as skeletons, the child crying constantly with an unrelenting expression of terror. The mother said that the child was hungry and asked for a piece of bread as they had not eaten for twenty-four hours. I opened my purse, but the woman turned away saying, 'No, not money, but bread.'

"Another time I saw a blonde-haired young girl with arms outstretched, leaning like a living crucifix against a wall and murmuring, 'I am hungry.' Next day she died.

"I have seen children, hardly clothed, hollow-cheeked, and with forms like shadows, on their knees in the street trying to pick from the paving stones grains of wheat that had fallen from a torn sack. I have seen before bakeries, men, women and children stretched on the cold stones, waiting through days and nights their turn to get their meagre ration of bread, and then often falling exhausted and dying at the door steps before they received it."

Berlin.—The Supreme Council has refused a request from the German government that members of the inter-allied commissions in Germany should not wear uniforms after the peace treaty comes into effect.

Final Efforts To Avert Miners' Strike

Austrian Constitution Is Amended

Dr. Otto Bauer Chosen Chairman of Commission to Frame New Constitution

Vienna.—The national assembly has eliminated from the constitution adopted recently the provision declaring Austria to be a composite part of Germany. The elimination was determined upon to meet the terms of the peace treaty.

Dr. Otto Bauer, who last week resigned as minister of socialization, has been chosen chairman of a commission to frame a new constitution for Austria.

Bulgaria Wants Trial Of Ex-Emperor

Demands the Arrest and Trial of King Ferdinand

Geneva.—A dispatch received here from Belgrade says the powerful peasant party in Bulgaria demands the arrest and trial of King Ferdinand, and also of former Premiers Radoslavoff and Madinoff, as being responsible for the war and leading Bulgaria into misery and the loss of provinces. According to the dispatch, confiscation of all the royal possessions is demanded.

Sir Adam Beck May Retire

Will Not Stay as Chairman Of Hydro-Electric Unless With a Sympathetic Government

Toronto.—Sir Adam Beck, interviewed, said he knew nothing of the discussion of the newspapers concerning his future course. He intimated that it was very doubtful if he would remain as chairman of the hydro-electric commission.

"On no account will I stay, except I am assured of a government that is in full sympathy with and behind the power development and hydro-radial projects," he said. "It would be useless to attempt to go on otherwise."

Delegates from Austria and Germany

Berlin.—The German and Austrian governments, it is learned, have decided to send delegates to the Washington Labor Conference, inasmuch as the supreme council of the allies has recommended their admittance as fully qualified members.

The delegates of the two nations probably will leave together for Washington soon.

Washington.—While committees representing miners and operators, making a final effort to avert the strike of half a million miners on November 1, were on the verge of parting for good, Secretary of Labor Wilson held them together, overnight at least, with a wage increase proposal that ignored union demands for a 34-hour week.

There was every assurance that the operators would accept it, and every indication that it would be rejected bodily by the miners.

Refusal of the miners to accept will bring the conference to a close and force government officials to resort to other means to prevent the closing of the mines with the first approach of winter.

Secretary Wilson's offer, which prevented acute disruption of the proceedings, set forth the following: That wages be increased at the expiration of the present contract in an amount equal to the differences between increases in wages received by the mine workers since July, 1914, and the increase in the cost of living since that date.

That the increase be effective from the termination of the present agreement until March 31, 1920.

That on these conditions the strike order be withdrawn and that the miners continue at work on these terms; that negotiations be entered into at the usual time for making the new scale effective after March 31, 1920.

Fleet For Far East Likely

Admiral Jellicoe's Report on Naval Defence Laid on Table in Australia

Melbourne.—The report of Admiral Lord Jellicoe concerning the naval defense of the Far East has been laid upon the table of the Australian House of Representatives. Admiral Jellicoe, who has been making a tour of the British dominions to consider plans for their naval defense, says in the report that the naval end of the British Empire will probably demand within the next five years a strong Far Eastern fleet, comprising vessels of the royal navy, the East Indian squadron and the Australian, Canadian and New Zealand navies.

German-Austria Title Abolished

Vienna.—The National Assembly adopted an act abolishing the name of "German-Austria" for the nation and substituting the title "Republic of Austria." The Pan-German party offered violent opposition to the change.

A Nervous Wreck

BY DR. D. L. GRANTIER.

How many business men feel fagged out, nervous, with a "soggy brain"—worn out completely before the day and its tremendous tasks are half over? Try the right way! Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a

common cold to grippe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and give the tissues of the body aid to resist disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-apple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the wear and tear, and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back), rheumatic pains, gout, etc.

Nothing will act so nicely as "Anuric" (anti-uric-acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Anuric" washes away the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

HELP THE VICTORY LOAN

The Victory Loan campaign in Southern Alberta is going with a swing. Reports from the central committee in Calgary say that the captains have completed their organizations and that the Loan is meeting with a far better reception than had been anticipated. There will be a great deal of honor in going "over the top" on this Loan and it is to be hoped that this district will do its share and will make at least as good a record as last year.

Victory Loan 1919 is going to be very popular indeed. In the first place the security is excellent and the investment is a better one than will probably be available in government bonds after this occasion. To get Canada's bonded obligations bearing 5 1/2 per cent interest at par is something that was not dreamed of before the war and will not be again. For this reason, there is little doubt that the bonds will go above par on the market almost as soon as they are issued and that anyone who buys

them during the campaign will be able to sell them at a profit thereafter.

That, at least, is the history of the previous bond issues and there is no reason why it should not be the history of this one.

Southern Alberta is especially interested in the success of the Victory Loan because the money is to be used for the re-establishment of our soil and the financing of crop and other similar payments. Being an agricultural country Southern Alberta will get more direct benefit out of a Victory Loan than most other portions of Canada and it is therefore all the more her duty to support the loan to the best of her ability.

Organization and work are progressing in this district and in other parts of the province and it is hoped that the public will take their local campaign in every possible way and especially by subscribing promptly and as liberally as possible when the canvassers come around. The selling campaign will open on October 27 and continue till November 15.

Returns to Canada

Aged Priest Comes Back to the Land He Loves to End His Days

Returning at his request to die in the land that he labored in for more than 40 years, Father Auguste Leconte, now 74 years old and totally blind, arrived at New York on the steamer La Touraine, on his way to Canada. Father Leconte was for 43 years in charge of missions along the Mackenzie River, in the far north of Canada, and, with a flowing snow-white beard and black skull cap, was a striking figure among the passengers. With him returned seven sisters of the Order of Daughters of Jesus, and he will go with them to St. Albert's Nunnery in Alberta, to spend his last days.

Extent Of Damage Done To France

War Damages To The Extent Of 355,000,000,000 Francs

An extraordinary meeting of the French Parliamentary Committee of Commerce was held at the Palais Luxembourg when the president, Mr. Chaumet, heard a report on public finances by Raphael Georges Leag, who showed that France has suffered through the war damages to the extent of 355,000,000,000 francs. He declared that the next French budget will amount to 25,000,000,000 francs at the very least.

A TONIC FOR THE NERVES

The Only Real Nerve Tonic Is a Good Supply of Rich, Red Blood

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else."

The sort of thing which the specialist spoke of is the nervous run-down condition caused by overwork and the many anxieties of today. Sufferers find themselves tired, morose, low-spirited and unable to keep their minds on anything. Any sudden noise hurts like a blow. They are full of groundless fears, and do not sleep well at night. Headaches, neuritis and other nerve pains are part of the misery, and it all comes from starved nerves.

Doctors of the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Therefore to cure nervousness and run-down health Dr. Williams' Pink Pills should be taken. These pills actually make new, rich blood, which strengthens the nerves, improves the appetite, gives new strength and spirits, and makes listless dependant people bright and cheerful. If you are at all "out of sorts" you should begin curing yourself today by taking Dr. Williams' Pink Pills.

You can get these pills, through any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Proven Asthma Remedy. — Since asthma existed there has been no lack of much heralded remedies, but they have proved short lived and worthless. The ever-growing reputation of Dr. J. D. Kellogg's Asthma Remedy has given it a place in the field of medicine which no other can approach. It has never been pushed by sensational methods, but has simply gone on effecting relief and making new converts.

His Iron Cross

A colored veteran just back from the other side, when questioned about an iron cross he was wearing explained: "Boss, it was a extra decoration. De Kaiser himself sent it to me by a special messenger what dropped dead jus' befo' he give it to me."

Economy a Necessity

All sorts of interests are at stake as the result of disquiet on account of the cost of living. It is the source of trouble with all the agencies for the production and the distribution of products, and the authorities concerned with maintaining order and observance of personal rights. The situation that has been prevailing is a serious menace and should be calmed down and a hopeful view of things should be developed as speedily and as far as possible.—New York Journal of Commerce.

Whistle That Can Be Heard 12 Miles

What is said to be the largest whistle in the world has been placed on one of the smokestacks of the Homestead Steel Works. The whistle, 200 feet above the ground, is five feet long and one foot in diameter, and is connected with a three-inch steam pipe. It requires 150 pounds of steam to blow the whistle, which can be heard twelve miles.

"KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Colman or harsh pills. They work while you sleep.

If his children listen eagerly for his footsteps, he can't be such a bad fellow.

A Remedy for Bilious Headache.—To those subject to bilious headache, Parmer's Vegetable Pills are recommended as the way to speedy relief. Taken according to directions, they will subdue irregularities of the stomach and so act upon the nerves and blood vessels that the pains in the head will cease. There are few who are not at some time subject to biliousness and familiar with its attendant evils. Yet none need suffer with these pills at hand.

The higher a man climbs the harder he may fall.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonylchloride of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

WHY YOU SHOULD BUILD ONLY FROM PLANS

Every building you put up this year and from now on should figure largely in your future.

Whether it be a new house or only a machine shed it will help you make money by saving it.

Just how much it will help depends on how well it fits into your needs now and later.

If you go ahead and build without any plan or any reference to future years and needs you are very likely to find that in a short time the building doesn't fit and you have to re-model, enlarge or build new.

WHATEVER YOU DECIDE TO BUILD GET A PLAN FOR IT, WE MAKE THEM FREE.

And just because it is a FREE service don't think that it isn't worth anything.

These plans are made to fit your ideas and your needs. They are made so that your buildings will be strong and durable and cost the least that they can be made to cost and be built right.

Just as soon as you decide to go ahead with any building see us at once for plans as well as material.

Electric Light Agreement Defeated

The by-law on the proposed agreement with the Olds Electric Co. for the supply of power to the town was defeated on Thursday last. As this by-law was the same as a money by-law it took two-thirds of a majority to carry it or defeat it.

The vote stood 30 against 16 for the by-law. There was one spoiled ballot.
